

Pleated paper main air filter for easier cleaning than felt filter.

Foam pre-filter keeps dust and debris out of the pleats.

HEAVY DUTY AIR FILTER

LARGE CAPACITY FUEL TANK

36.3cc PROFESSIONAL-GRADE ENGINE

Provides stable cutting performance in heavy working conditions like a 4-stroke engine.

LOOP HANDLE AVAILABLE

PROFESSIONAL GRADE 25mm DIAMETER MAIN SHAFT

50.8cm (20") SHIELD

Torque has been increased by 50% compared to equivalent non high torque models. Greater torque means the unit can maintain speed under heavy loads, enabling the user to trim in one pass instead of several.

# SRM-3610T

## High Torque Brushcutter

Lightweight 36.3cc brushcutter with 50% more cutting torque than equivalent non high torque models. 1:1.62 gear reduction ratio generates more torque for greater cutting performance.

DEPEND ON IT

▶ CATEGORY

High Torque Brushcutter

▶ APPLICATION

Long grass, weeds, brush

▶ TARGET CUSTOMER

- Homeowner  Prosumer  
 Commercial operator  Local authority

**SRM-3610T**  
PROFILE

**FEATURES**

**BENEFITS**

High torque gearbox

Premium grade engine combines best features of 4-stroke and 2-stroke engines

Tool-less air filter cover

Pleated paper main air filter

50.8cm (20") debris shield

Large capacity fuel tank

Pro grade 25mm main shaft

- ✓ Greater cutting performance from a smaller engine
- ✓ Lower overall weight enhances user comfort without compromising performance
- ✓ Provides stable cutting performance in heavy working conditions like a 4-stroke engine
- ✓ Low noise and lower emissions
- ✓ Runs with mixed fuel – no need to check oil level
- ✓ Can be operated in any position
- ✓ For easy air filter access, even when wearing gloves
- ✓ Means longer service intervals and easier cleaning than felt filter
- ✓ Enables a larger cutting swath for increased efficiency
- ✓ For reduced downtime
- ✓ For durability

Displacement	Dry weight*	Output	Fuel Tank Capacity	Drive Shaft Type	Drive Shaft Diameter	Main Shaft Diameter	Vibration
36.3cc	6.3kg (Loop)	1.4kW	0.84 litres	Solid	7.0mm	25.0mm	3.2m/s <sup>2</sup> (Loop)
	6.6kg (U)						2.2m/s <sup>2</sup> (U)

\*Unit without cutting attachment and shield

**EXTENSIVE WARRANTY**

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind  
 (Registration of ECHO products and servicing are necessary to validate the warranty)
