

ggm HIRE

WHY CHOOSE GGM HIRE?

Our dedicated Hire division are on hand every step of the way to ensure you receive a first-class level of service from your initial enquiry, through to the completion of your hire.

We aim to provide you with equipment that offers complete peace-of-mind from industry leading manufacturers supported by a dedicated hire desk and an award winning after-sales team.

Our hire fleet is focused around our core franchises, helping to ensure we have the necessary spare parts in our extensive inventory and factory trained engineers to minimise any downtime and inconvenience to you throughout your hire period.

COST EFFECTIVE SOLUTION

In today's current financial climate, it's important to find an affordable solution that fits within your grounds care needs and our range of hire equipment from GGM offers you an extensive range of hire machinery to choose from.

There are a number of benefits of GGM Hire including:

- > **Product choice & diversity** – ensures you have the right equipment for each job
- > **Fixed hire costs** – allows you to employ your working capital in other areas
- > **Full safety check** – for your peace-of-mind all equipment is fully inspected prior to hire
- > **Reliable service support** – ensures any breakdowns are dealt with quickly and efficiently

LOOKING AFTER MACHINERY

Upon commencement of your hire agreement, we will, if requested, undertake a basic installation of the operation of the machine. We will also ensure you have a copy of the operators' instruction manual so you can fully familiarise yourself with the safe operation of the machine.

We will also provide you with a copy of our 'Fair Wear & Tear Guide' which clearly details what is acceptable / not acceptable when the machine is returned at the end of the hire period.

LONG TERM / CONTRACT HIRE

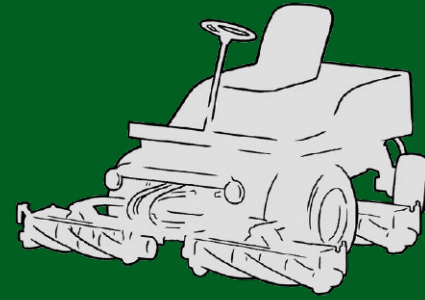

If you are looking for long-term or contract hire we have packages available with / without maintenance and optional extended warranty to allow for complete budgetary control. To discuss your specific requirements please contact the hire desk or speak to your area sales manager.

Hire requests and enquiries can be made online by visiting the hire section on our website www.ggmgroundscare.co.uk or by email direct to our hire department: hire@ggmgroundscare.co.uk

Week Hire Rate
£575

4WD, ride-on triple mower, heavy duty magna cylinders, hydrostatic transmission.

High Grass and Slope Mowers

AS MOTOR 940 SHERPA 4WD REMOTE CONTROL BRUSHCUTTER

Week Hire Rate
£575

The AS 940 Sherpa 4WD is the world's first ride-on mower with a remote control, offering significantly more safety and convenience. Ideal for mowing steep slopes, difficult terrain, and areas that are difficult to access, and wherever mowing was previously too difficult.

Remote-controlled operation is recommended for increased operator safety on slopes and inclines up to 33°.

Engine	27hp Petrol
Transmission	Hydrostatic
Cutting Width	90cm Rotary Brushcutter
Max Slope Capacity	33°

AS MOTOR 940 SHERPA BRUSHCUTTER

Engine	27hp Petrol
Transmission	Hydrostatic
Cutting Width	90cm Rotary Brushcutter
Max Slope Capacity	21°

Week Hire Rate
£295

High-grass, 4WD petrol ride-on brushcutter with excellent ground clearance.

ROTAIR SPEEDYCUTTER 1000 OUT FRONT

Engine	24hp Petrol
Transmission	Hydraulic Tracked
Cutting Width	1m Out Front Flail
Max Slope Capacity	40°

Week Hire Rate
£750

Tracked petrol remote control out front hydraulic driven flail for the most challenging slopes and terrain.

WIDE AREA MOWERS

ROBERINE F5 / R5 FIVE UNIT

F5 Week Hire Rate
£900

R5 Week Hire Rate
£900

The Roberine F5 is an all-rounder. The flail mower has a robust flail unit, with an effective design for perfect mowing results. The Roberine F5 can be used for a wide range of purposes, including parks, sports fields, grass verges and riverbanks.

The R5 benefits from Jumbo 10" cylinders and both models comply with all international requirements (incl. TÜV). In short, it offers the very best in mowing.

F5 - FIVE UNIT FLAIL MOWER

Engine	63hp Diesel
Transmission	Hydrostatic
Type	ROPS
Cutting Width	5 Unit variable 75cm - 345cm

Capacity	6m ³ /h
Weight	502kg

Professional shredder that can get right to the tree and shred high volumes of wood and leaves

ELIET MEGA PROF SHREDDER

Day Rate	Week Rate
£195	£425

The Eliet Mega Prof is a universal all-purpose shredder that is ideally suited to landscapers and local authorities.

The unique ELIET shredder principle, combined with a powerful 33 hp turbo diesel engine, offers astonishing performance and a capacity up to 16cm.

Engine	33hp Diesel
Material Diameter	Up to 16cm (6")
Cutting Speed	50,000 cuts/min
Capacity	24 Wheelbarrows/h
Weight	748kg

Blades hack through the wood by going with the grain. The green waste is converted into small chips in a splitting and cutting cycle.

TS INDUSTRIE GS/PUMA 35D SHREDDER

Professional towed green waste shredder with a multi-vegetation drum and loading conveyor.

The Mixed Rotor, developed and patented by TS Industrie, combines blades and hammers to shred all kinds of wood and green waste.

BENEFITS

Six-fold reduction in volume compared with a simple rotor with hammers.

The additional hammers are used to shred the green material, thereby ensuring a longer service life for the blades.

Engine	35hp Diesel
Material Diameter	Up to 16cm (6")
Shredding Mechanism	12 Hammers + 6 Blades
Capacity	27m ³ /h
Weight	1330kg

Day Rate	Week Rate
£235	£495

Weight	1085kg

Heavy duty diesel powered 7" in-line towed chipper

Day Rate	Week Rate
£200	£410

STUMP GRINDER

TORO STX 26 ON TRACKS

Some dedicated stump grinders are over-complicated. Not the Toro STX. Its patented control system has two simple levers that are simple to learn, master and use. Combine these easy-to-use controls with tracks and transport speeds exceeding 4mph, and you get maximum productivity.

The tracks travel easily over muddy areas, with the low centre of gravity adds side hill stability for access to any job, in any condition.

Engine	730V Twin Cylinder
Cutter Depth	32cm below grade
Cutting Height	84cm above grade
Head Swing	120cm arc
Weight	544kg

Day Rate	Week Rate
£195	£395

DEBRIS CLEARANCE

ROBERINE VT420 COMPACT VACUUM TRAILER

Week Hire Rate
£950

The VT420 is a compact vacuum trailer with a high tipping container of 4.2 m³. With a low total weight and a low centre of gravity, this trailer is ideally combined with compact tractors from 45hp and more. The turbine offers lots of power. Because it is made of durable steel, it has a long life.

The VT420 comes standard with a 1.7 meter vacuum funnel with a weight transfer system. It is because of this system that the funnel is best capable of following the terrain without damaging it.

Drive	PTO
Min. Tractor Requirement	45hp>
Container capacity	4.2m ³
Weight	1490kg

EX-HIRE EQUIPMENT

The GGM range of ex-hire equipment offers an affordable alternative to purchasing or hiring what can be items of high capital value, allowing you to benefit from machines that have been fully inspected and prepared by our service department.

The machines on offer have been maintained by us from new, having previously been part of our extensive hire fleet.

Take a look at our current deals:

www.ggmgroundscare.com/usedmachinery

EXPANDING HIRE FLEET

Our range of hire equipment is constantly expanding. Please visit our website to see the full range of equipment, if we don't have something that meets your needs, or you are interested in discussing long-term or contact hire rates please contact us. Our aim is to supply a hire solution for all your grounds care requirements.

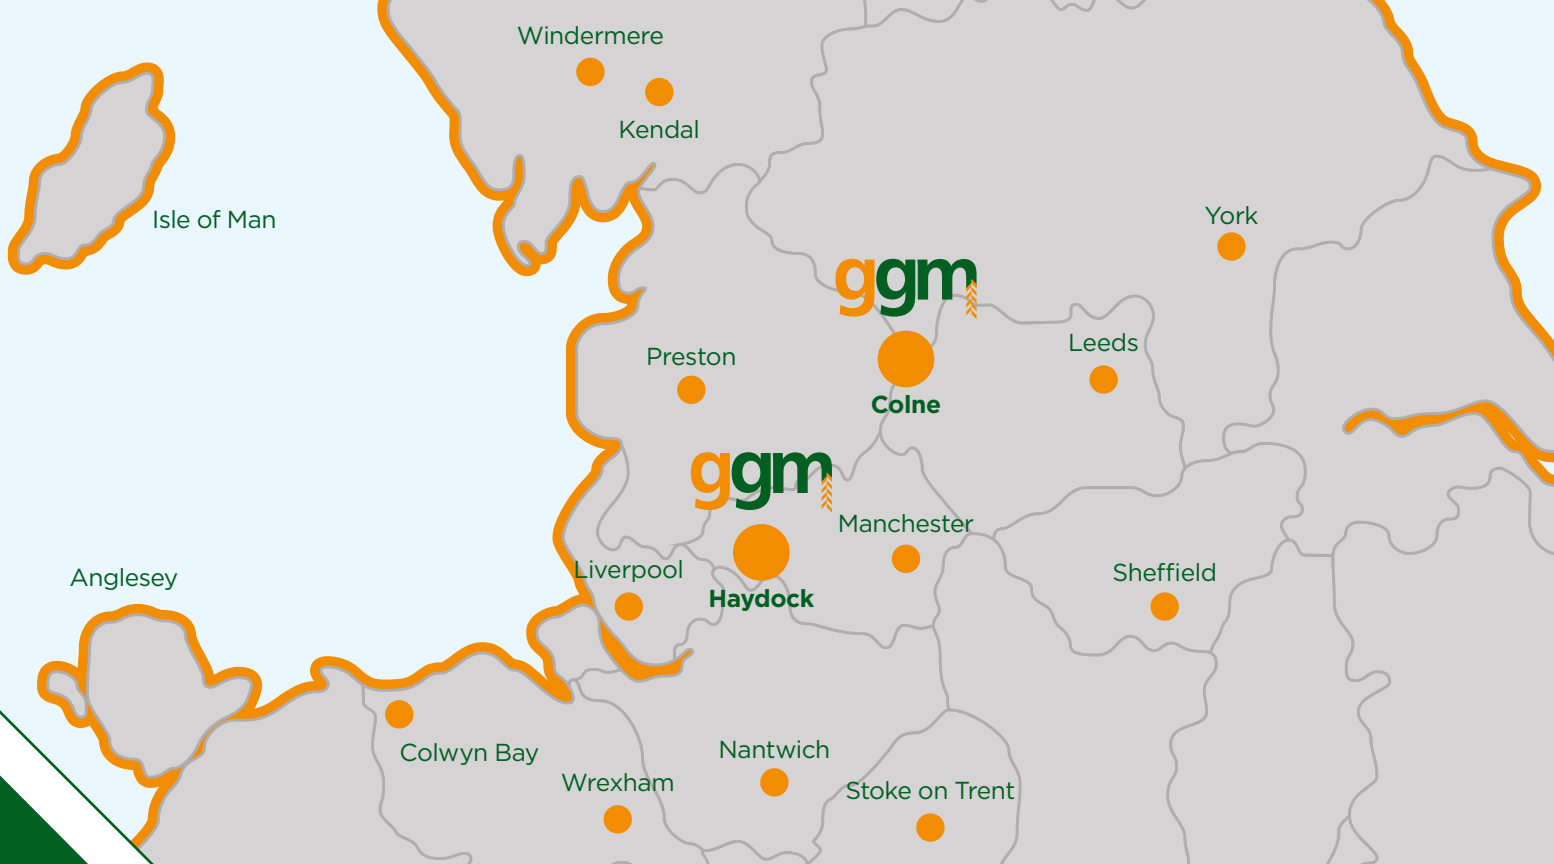

COLLECTION & DELIVERY

With two easy to access depot locations in Colne, Lancashire and Haydock, St Helens, collection and return of your machinery couldn't be easier.

If you don't have the capability to collect or drop off your machine, we can hire you a trailer or arrange for delivery / collection of the machine (additional charges may apply).

TERMS & CONDITIONS

Our Hire trading terms and conditions are listed on the back of our hire contracts; additional copies are available upon request.
